THE WHOLE OR HALF INTEREST OF the business of Magnus C. Crosby, consisting of Hardware, Stoves, Metals and Plumber's Stock. This business was established May 1, 1877, and is among the very best in the city of Astoria. Nothing but health prompts the disposal. Full particulars on application.

A Common Cold

Is often the beginning of serious affections of the Throat, Bronchial Tubes, and Lungs. Therefore, the importance of early and effective treatment cannot be overestimated. Ayer's Cherry Pectoral may always be relied upon for the speedy cure of a Cold or Cough.

Last January I was attacked with a severe Cold, which, by neglect and frequent exposures, became worse, finally settling on my lungs. A terrible cough soon followed, accompanied by pains in the chest, from which I suffered intensely. After trying various remedies, without obtaining relief, I commenced taking Ayer's Cherry Pectoral, and was

Speedily Cured.

I am satisfied that this remedy saved my life.—Jno. Webster, Pawtucket, R. I.
I contracted a severe cold, which suddenly developed into Pneumonia, presenting dangerous and obstinate symptoms. My physician ordered the use of Ayer's Cherry Pectoral. His instructions were followed, and the result was a rapid and permanent cure.—H. E. Stimpson, Rogers Prairie, Tex.

Two years ago I suffered from a severe Cold, which settled on my lungs. I consulted various physicians, and took the medicines they prescribed, but received only temporary relief. A friend induced me to try Ayer's Cherry Pectoral. After taking two bottles of this medicine I was cured. Since then I have given the Pectoral to my children, and consider it

The Best Remedy

for Colds, Coughs, and all Throat and Lung diseases, ever used in my family.—Robert Vanderpool, Medford, Pa.

Some time ago I took a slight Cold, which, being neglected, grew worse, and settled on my lungs. I had a hacking cough, and was very weak. Those who knew me best considered my life to be in great danger. I continued to suffer until I commenced using Ayer's Cherry Pectoral. Less than one bottle of this valuable medicine cured me, and I feel that I owe the preservation of my life to its curative powers.—Mrs. Ann Lockwood, Akron, New York.

Ayer's Cherry Pectoral is considered, here, the one great remedy for all diseases of the throat and lungs, and is more in demand than any other medicine of its class.—J. F. Roberts, Magnolia, Ark.

Ayer's Cherry Pectoral,
Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.
Sold by all Druggists. Price \$1; six bottles, \$5.

Notice.

MR. E. G. ZEGLER IS WANTED AT Mrs. Clara Welman's, Astoria, Oregon.

AN OPEN OR LAND-LOCKED SEA.

Behring sea is just now attracting more attention than ever before, partly because of the question raised as to its character. No point has been more clearly settled than that a land-locked sea or water within the territory of a single nation is subject to the exclusive jurisdiction of that nation.

Some of the great lakes are in that condition. They are land-locked, and where they are wholly within the territory of one nation the single jurisdiction is complete. Thus, Lake Michigan is subject only to the jurisdiction of the United States. But Lake Superior is subject to a divided jurisdiction because it touches the dominion of Canada on one side. Long Island sound is land-locked and wholly within the jurisdiction of the United States. But the Gulf of Mexico is not land-locked, nor is it wholly within the jurisdiction of any one nation. If Behring sea is land-locked and the shore lines were wholly within the territory of a single nation, it would follow that a single or exclusive jurisdiction could be maintained.

The commercial world is likely to know more about this sea than formerly, because an earnest and exhaustive discussion has already been started. The geographical question is not the one of least interest. The New York Sun, referring to the proposition that from the chain of the Aleutian islands up to the Behring straits the waters are land-locked, makes this statement:

The sea area covered by this most important and interesting claim is about three times as great as the entire Gulf of Mexico. Roughly speaking, it is equal to the Mediterranean, the Adriatic, the Aegean and the Black seas combined. Take a map of the world on Mercator's projection and draw a line from the middle of Behring strait southwesterly to a point midway between Attou island, and the westernmost of the Aleutian archipelago, and Copper island, just east of Kamtschatka. That represents the line of demarcation precisely stated and established by the treaty ceding Alaska to the United States. The triangular body of water inclosed by this imaginary frontier on the northwest, by the chain of the Aleutian islands on the south, and on the east by the coast of Alaska proper, forms the "inclosed sea" over which the state department claims exclusive dominion for the United States.

Attou island, the westernmost point of United States territory, is in the longitude of New Zealand. It is actually further west of Sitka than San Francisco is west of New York. Attou is as far west of New York as New York is west of Trebizond or Moscow. More than a hundred miles beyond this island in open Pacific waters, is the western limit reached by the laws which congress makes—that is the claim. It does not look much from the geographical point of view, as if Behring sea is a land-locked water.

The Bean Ideal of a Family Medicine.

A remedy which promptly and completely relieves ailments of such common occurrence as indigestion, constipation, biliousness and disorders of a malarial type, is assuredly the bean ideal of a family medicine. Such is Hostetter's Stomach Bitters, which is not only capable of eradicating these complaints, but also counteracting a tendency to kidney troubles, rheumatism and premature decadence of stamina. Taking it "all round," as the phrase is, there is probably not in existence so useful, effective and agreeable a household panacea as the Bitters. Nor is it less highly esteemed by the medical profession than by the families of America. Numberless testimonials from professional sources of irrefragable authenticity evince its merit. The demand for it abroad, no less than in the land of its discovery, is certainly increasing, time and experience of its beneficent effects confirming the high opinion originally formed of it.

"Suppose, Tommy," said a Kansas City teacher, "that your father owned forty lots, and a man from Chicago should buy sixteen of them, and a man from St. Louis should buy twenty, what would be left?" "Where are them men from?" asked Tommy; "Chicago and St. Louis?" "Yes," "Pa would be left; he wouldn't get any money."—The Epoch.

"Scarlet Fever"

Having appeared in our village Darby's Prophylactic Fluid was used for disinfecting the College buildings. The disease never went beyond a single case, either in the College or elsewhere, where the Fluid was used.—REV. PRES. G. F. PRICE, Auburn, Ala.

Darby's Fluid dispels all forms of epidemic diseases by destroying the spores or germ poison that cause contagion.

Woman in Politics.

The president and Mrs. Cleveland were to have made a brief call on Mrs. Hendricks, at Indianapolis, and to have lunched with Mrs. McDonald. And thus is continued a struggle between the amiable ladies which has been going on a good many years, and the woman in politics continues to be more conspicuous in Indianapolis than anywhere else. Mrs. Hendricks and Mrs. McDonald—the latter as noted for her beauty as the former is for her shrewdness and ability—have never fraternized, and their personal differences have been shared to a considerable extent by the society of the city and state. Indeed, the woman in politics has always been more or less conspicuous in this country, though more especially so of late years. The wife of Andrew Jackson was the innocent cause of many differences among Democrats. Salmon P. Chase had not an abler supporter, and had few with more influence, than his daughter, Mrs. Sprague. Mrs. Hayes was credited with being the larger half of the presidential administration while her husband occupied the presidential chair, and Mrs. Logan was an inspiration to her husband, the general greater than all other influences combined. The case of Mrs. Cleveland need not be quoted. It speaks for itself in every newspaper, and is especially prominent just now.—N. Y. Graphic.

A Pointer for Politicians.

When I went into Col. Alderney's dairy, opposite the treasury, to get my daily sandwich this afternoon I saw the Hon. John Randolph Tucker of Virginia, drinking something out of one of the white China mugs Col. Alderney serves his milk in. When I expressed my astonishment that such a famous bon vivant should be drinking plain everyday milk, he explained that he was not—that in point of fact it was buttermilk. "Buttermilk and I," he said, "are old friends. We've made many a political campaign together. Why, I used to be called the 'buttermilk candidate' all through my district. Wherever I went to speak some good fellow would come up with 'I have a pitcher of buttermilk here for you.' 'Why, so have I,' some other fellow would say, and so I would usually start in with half a gallon of buttermilk on draught. It's the best drink you can possibly take when you are making a public speech. Water inflames the tender throat, but buttermilk cools and lubricates it—and besides it is full of nourishment, and that is all important sometimes. Henry A. Wise told me of it first in 1855, when I was just beginning my public life, and I have thanked him for it ever since."—Washington Letter to Phila. Record.

Every family should be provided with a bottle of Ayer's Cherry Pectoral. It is a specific for colds and coughs.

It is reported that two parties of surveyors are surveying routes from the Northern Pacific line, in the direction of Lakeview, with the probability of passing down through Modoc county, Fair river valley, and along the east side of the Sacramento river, to reach San Francisco bay.

No fictitious certificates, but solid facts, testify the marvelous cures by Ayer's Sarsaparilla.

Omaha Dame—What do you think? I have a girl who gets up in the morning without being called. Chorus of Voices—Impossible! Omaha Dame—But it's true; she's in love with the milkman.

Bucklen's Arnica Salve.

It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by W. E. Dement.

Wing You, candidate for councilman in Baltimore, is ably supported by One Lung, says a paper of that city. It is customary for candidates on this side of the globe to have the support of both lungs.

THE GREAT REGULATOR

SIMMONS' LIVER REGULATOR
PURELY VEGETABLE.
Are You Bilious?
The Regulator never fails to cure. I most cheerfully recommend it to all who suffer from Bilious Attacks or any Disease caused by a disarranged state of the Liver.
KANSAS CITY, MO. W. R. BERNARD

Do You Want Good Digestion?
I suffered intensely with Full Stomach, Headaches, etc. A neighbor, who had taken Simmons' Liver Regulator, told me it would cure me for my trouble. The first dose I took relieved me very much, and in one week's time I was as strong and hearty as I ever was. It is the best medicine I ever took for Dyspepsia.
RICHMOND, VA. H. G. CRENshaw

Do You Suffer from Constipation?
Testimony of HIRSH WARDEN, Chief Justice of Pa.: "I have used Simmons' Liver Regulator for Constipation of my Bowels, caused by a temporary Derangement of the Liver, for the last three or four years, and always with decided benefit."

Have You Malaria?
I have had experience with Simmons' Liver Regulator since 1865, and regard it as the greatest medicine of the times for diseases peculiar to malarial regions. So good a medicine deserves universal commendation.
REV. M. B. WHARTON,
Cor. Sec'y Southern Baptist Theological Seminary.

Safer and Better than Calomel!
I have been subject to severe spells of Constipation of the Liver, and have been in the habit of taking from 15 to 20 grains of calomel, which generally did me up for three or four days. Lately I have been taking Simmons' Liver Regulator, which gave me relief, without any interruption to business.
J. H. HUGHES,
J. H. Zeilin & Co., Philadelphia, Pa.
